Teacher

Extracurricular involvement: TiC of Young Enterprise
Companies, Manager of Girls VIII Rowing

Number of years at King's: 9 years

Interests & Hobbies: Family, Music, Cooking, Travel,
shopping!

In 2008, with my husband Paul, and two children Shane
(GRE 2003 – 07) and Alisha (TAY 2009) we made a family
decision to look after the girls that board at King's College.

After being HOD Accounting and Business Studies at King's College for 8 years and
spending this time as a House Tutor in Greenbank, Middlemore and Taylor Houses, I was
keen to take on a more active role. The opportunity arose for me to become Housemaster
for Middlemore House.

I am a strong supporter and believer in the ethos of the College and value, not only for
my own children, but also any student that belongs to this College, our traditions and
guiding principles. My philosophy shared with the girls of Middlemore is to create a
secure and warm family environment, which allows mutual respect and support for one
another. I encourage the girls within the Middlemore family to be involved in many
different activities during their two years and to foster our strong House spirit and
loyalty.
